5. Which of the following races couldn't take place due to the wet? Circle the appropriate text.
- a) The Milk Carton Race is designed to promote a healthy lifestyle. The only preconditions for participation are that the vehicle consists of empty milk cartons, that it is powered by hand and that it runs over the water.
- b) The Bathtub Race has been held for 50 years. The race is 58 km long and there are many safety guidelines. All vehicles must comply with the size and shape of an old-fashioned bathtub. The engine must not be too powerful.
- c) The Dry River Race takes place in a dry riverbed. It was cancelled once, because there was water in the river again. The 'boats' in the race have no bottoms and are worn by the participants.
- d) The Beverage Cans Regatta is held annually. The vehicles are made of empty beverage (drinks) cans and equipped with engines. Many are already broken at the start, which contributes to the level of general entertainment.
